DONT LET YOUR MEMES BE DREAMS

Should go late 1/5 or very early 1/6 depending how many join us. Could be built very quickly with the right plan and the right people bringing pre cut materials to the site!

Be nice to have a plaque reading "SIC SEMPER TYRANNUS" or "TRAITOR JUSTICE" to hang above the nooses. Also bags of feathers and vats of tar on standby!

Anybody got a blueprint for a standing gallows like that? Who's with me?!

Two vertical eight foot 4x4s topped with a horizontal eight foot 2x4 with one or two nooses for effect! haha

8' uprights won't cut it. Man + noose and a little rope requires 12' minimum overhead.

Run 12 or 16 footers. Pre cut shoulders in the uprights so it can be lashed together or nut bolt on site.

5 boards should get it done for a tandem model.

ATTENTION Pig Farmers a few pig heads on pikes would send a chilling message.

I suggested we bring guillotines and leave them at scotus and congress.
